

Dear Reception Parents,

As you will be aware as the school year has progressed our approach to reading has changed. There is now more focus on guided reading – resulting in children having less opportunity to change individual reading books.

To encourage your child's ability in, and love of reading, we have made a new collection of books that the children will have alongside their current reading book. Please share these books with your child at home, encouraging them to read familiar words and use practised sounds to word build.

Parents will be given a yellow record card to help keep a record with 'I can' statements - taken from the Foundation Stage Curriculum - to help you get the best from your shared reading. Books will be changed each Tuesday – but only if the yellow record card is completed with a signature.

Thank you and have fun!
